LETTER OF APPRECIATION

I appreciate the contributions of the NSS unit of **RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS, Valluru** in supporting the Youth Services activities in the form of Awareness programs and rallies organized during the year 2021-22.

I am sure that the students will definitely gain the benefits from these programs and may help overall development of their personalities and encourage them to understand the importance of voluntary service about the society and the Nation.

I expect similar support to the activities of Youth Services and that these programmes will definitely help in building up the character of the students in their future endeavors
